

Medela Breast Pumps

Lactina Select Breast Pump *(BRS1065)*

Ideal for long-term and frequent pumping needs, Lactina is a multi-user breast pump available for rental. Select offers a variable speed setting on the pump to complement the variable vacuum setting on the piston/cylinder that is included with the breast pump kits. (All kits are sold separately.)

Features and Benefits:

- Long Term Daily Use
- Electric or Battery
- Double or Single Pump
- Multi-User, with personal double pumping system
- Built-in vacuum release protects moms against excessive or prolonged suction
- Ideal for initiating and sustaining milk supply
- Features automatic suck and release for ease of use and efficiency
- Lightweight and portable for moms who work or travel
- Battery and vehicle lighter power options for versatility
- All Lactina kits are easily converted to a manual pump
- Safe for the collection, storage and feeding of breast milk

Swing Pump *(BRS1087)*

Swing is Medela's smallest, lightest single electric pump.

Features and Benefits

- Mobile pumping with tabletop, belt clip and neck/shoulder strap options
- Drawstring bag to keep everything clean and in one place between pumpings
- Comfortable, massaging SoftFit™ breast shield
- More milk in less time with 2-Phase Expression® technology when pumping at Maximum Comfort Vacuum™

Symphony® to Lactina® Conversion Kit *(BRS1050)*

Converts the Symphony Double Pumping System to Lactina Double Pumping System for use with a Lactina Breast pump.

What's Included:

- Pump connector
- Piston
- Cylinder
- Instructions

Harmony™ Breast Pump *(BRS1063)*

Occasional use · single pump · manual
The newest technology in an easy-to-use manual pump.

Features and Benefits:

- Preferred by 9 out of 10 moms over other manual pumps
- Lightweight & portable for on-the-go pumping
- Comfortable, massaging SoftFit™ Breast shield
- More milk in less time with 2-Phase Expression® technology
- Upgradeable to electric pumping with the Symphony® with Conversion Kit
- Upgradeable to electric pumping with the Lactina® with Conversion Kit
